

Art Unit: 3736

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Rauch on 6/12/09.

The application has been amended as follows:

\*\*\*\*\*

Claim 1 has been amended as shown:

1. (Currently amended) A biofeedback system comprising:  
a cellular telephone device, including  
    a data processor, and  
    a user interface including a display screen;  
a biofeedback measuring device configured to contact the skin of a user and detect and measure a body own electrical current occurring at an acupuncture point on the user's body and to produce one or more biofeedback signals derived from the electrical current;  
first computer readable program code stored in a computer readable medium for controlling the biofeedback measuring device in producing the one or more biofeedback signals;  
second computer readable program code stored in a computer readable medium for producing a display on the display screen based on the one or more biofeedback signals; and

Art Unit: 3736

third computer readable code stored in a computer readable medium for producing a user assistance display on the display screen identifying the acupuncture point on the user's body for measuring the body own electrical current.
